

## PTS 100/200 kit

The PTS100/200 kit comprises a Tone Tracker Probe (PTS 100) and Mini Oscillator (PTS 200). The PTS100 weighs just 150g, including battery.

- Built-in loudspeaker.
- Sensitivity control, 30dB adjustment.
- Easy push-button operation.
- Water and dust resistant.
- Battery life 25 hours, Typ. IEC 6LR61.
- Teamed with the PTS 200, the kit offers outstanding value and pair tracing performance.
- Output level  $-3.0\text{dBm} \pm 3\text{dBm}$ , Frequency  $1004\text{Hz} \pm 100\text{Hz}$  sweep tone.
- Sweep rate = 6Hz norm., Polarity/voltage test to  $>1500\frac{1}{2}$  at 50V.
- Resistance test to  $> 1000\frac{1}{2}$ .
- Battery life 290 hours typ. IEC 6LR61.
- Dims: 125mm x 33mm x 23mm.
