

Sumitomo Electric

FC-7 series FIBRE CLEAVER

- ▶ Easy handling and light weight
- ▶ Single handed cleave operation
- ▶ Simple to use: Load the fibre, squeeze the cleaver closed. Cleave and off-cut collection are automatic
- ▶ Ergonomic design that fits comfortably in the palm of your hand
- ▶ Built in collector for fibre sharps ensures safe operation

FC-7S cleaver	Specifications
Fibre types	125um SMF, MMF & others
Fibre number	Single fibre only
Coating types	250um primary coated, 900um secondary coated
Cleave length – 250um primary coated fibre	6 to 20mm
Cleave length – 900um secondary coated fibre	10 to 20mm
Can be used with Sumitomo fibre holders	No – use FC-7M-F if cleaving in fibre holders
Dimensions	98(w) x 58(d) x 47(h)mm
Weight	300g
Blade life – using 12 rotational positions on the blade edge at 3 step heights/position	36,000 cleaves – more cleaves are possible if the blade is rotated <30° between edge positions

FC-7 family

FC-7S Single fibre use only
Part number TA013PD0027

FC-7M-F Ribbon fibre and single fibres in fibre holders
Part number TA013PD0026

FC-7 accessories & consumables

TR-FC-7 off-cut collector for FC-7 family of cleavers
Part number VP013IT0045

FCP-20BL blade for FCP, FC-6 and FC-7 type cleavers
Part number VP013IT0018
Blade has 12 marked edge positions separated by 30°, but maybe used on edge positions separated by <30° to achieve >36000 cleave blade life
